

**IN THE CLAIMS**

1-73. (Canceled).

74. (Currently Amended): A method of making up a keratin material ~~the skin, eyelashes or lips~~ comprising applying to the ~~skin, eyelashes or lips~~ a keratin material ~~a liquid~~ composition comprising at least one silicone-polyamide copolymer and at least one coloring agent ~~polyorganosiloxane homopolymer or copolymer comprising at least one polyorganosiloxane group comprising at least two groups capable of establishing hydrogen interactions, at least one film former, and at least one volatile oil~~ in an amount sufficient to make-up the ~~skin, eyelashes or lips~~ keratin material.

75. (Currently Amended): The method of claim 74, ~~wherein the composition is liquid~~ wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.

76. (Canceled).

77. (Currently Amended): The method of claim ~~[[74]]~~ 75, wherein the composition comprises at least one film former which ~~film former~~ is a silicone resin.

78. (Currently Amended): The method of claim 77, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin~~.

79. (Currently Amended): The method of claim ~~[[78]]~~ 77, wherein the film former is trimethylsiloxysilicate ~~an MQ resin~~.

80. (Canceled).

81. (Currently Amended): The method of claim ~~[[74]]~~ 75, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

82. (Canceled).

83. (Previously Presented): The method of claim 81, wherein the volatile oil is isododecane.

84. (Canceled).

85. (Currently Amended): The method of claim ~~[[76]]~~ 74, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

86. (Canceled).

87. (Previously Presented): The method of claim 74, wherein the composition is anhydrous.

88. (Currently Amended): The method of claim 87, ~~wherein the polyorganosiloxane homopolymer or copolymer is a silicone-polyamide copolymer~~ wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.

89. (Currently Amended): The method of claim ~~[[87]]~~ 88, wherein the composition comprises at least one film former which ~~film-former~~ is a silicone resin.

90. (Currently Amended): The method of claim 89, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin.~~

91. (Currently Amended): The method of claim ~~[[90]]~~ 89, wherein the film former is trimethylsiloxysilicate ~~an MQ-resin~~.

92. (Canceled).

93. (Currently Amended): The method of claim 87, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

94. (Currently Amended): The method of claim 91, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

95. (Canceled).

96. (Currently Amended): The method of claim ~~[[88]]~~ 87, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

97. (Canceled).

98. (Currently Amended): The method of claim 74, wherein the method comprises applying to the lips a composition ~~comprising~~ comprising at least one silicone-polyamide copolymer and at least one coloring agent, polyorganosiloxane homopolymer or copolymer comprising at least one polyorganosiloxane group comprising at least two groups capable of establishing hydrogen interactions, at least one film former, and at least one volatile oil in an amount sufficient to make-up the ~~skin, eyelashes or lips~~.

99. (Currently Amended): The method of claim 98, ~~wherein the composition is liquid~~ wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.

100. (Canceled).

101. (Currently Amended): The method of claim [[98]] 99, wherein the composition comprises at least one film former which ~~film-former~~ is a silicone resin.

102. (Currently Amended): The method of claim 101, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin~~.

103. (Currently Amended): The method of claim [[102]] 101, wherein the film former is trimethylsiloxysilicate ~~an MQ resin~~.

104. (Canceled).

105. (Currently Amended): The method of claim 98, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

106. (Canceled).

107. (Previously Presented): The method of claim 105, wherein the volatile oil is isododecane.

108. (Canceled).

109. (Currently Amended): The method of claim [[100]] 98, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

110. (Canceled).

111. (Previously Presented): The method of claim 98, wherein the composition is anhydrous.

112. (Currently Amended): The method of claim 111, ~~wherein the polyorganosiloxane homopolymer or copolymer is a silicone-polyamide copolymer~~

wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.

113. (Currently Amended): The method of claim [[111]] 112, wherein the composition comprises at least one film former which ~~film-former~~ is a silicone resin.

114. (Currently Amended): The method of claim 113, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin~~.

115. (Currently Amended): The method of claim [[114]] 113, wherein the film former is trimethylsiloxysilicate ~~an MQ resin~~.

116. (Canceled).

117. (Currently Amended): The method of claim 111, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

118. (Currently Amended): The method of claim 115, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

119. (Canceled).

120. (Currently Amended): The method of claim [[112]] 111, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

121. (Canceled).

122. (Currently Amended): The method of claim 74, wherein the method comprises applying to the skin a composition comprising at least one silicone-polyamide copolymer and at least one coloring agent, polyorganosiloxane

~~homopolymer or copolymer comprising at least one polyorganosiloxane group comprising at least two groups capable of establishing hydrogen interactions, at least one film former, and at least one volatile oil in an amount sufficient to make-up the skin, eyelashes or lips.~~

123. (Currently Amended): The method of claim 122, ~~wherein the composition is liquid~~ wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.

124. (Canceled).

125. (Currently Amended): The method of claim ~~[[122]]~~ 123, wherein the composition comprises at least one film former which ~~film former~~ is a silicone resin.

126. (Currently Amended): The method of claim 125, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin.~~

127. (Currently Amended): The method of claim ~~[[126]]~~ 125, wherein the film former is trimethylsiloxysilicate ~~an MQ resin.~~

128. (Canceled).

129. (Currently Amended): The method of claim 122, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

130. (Canceled).

131. (Previously Presented): The method of claim 129, wherein the volatile oil is isododecane.

132. (Canceled).

133. (Currently Amended): The method of claim ~~[[124]]~~ 122, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

134. (Canceled).

135. (Previously Presented): The method of claim 122, wherein the composition is anhydrous.

136. (Currently Amended): The method of claim 135, ~~wherein the polyorganosiloxane homopolymer or copolymer is a silicone-polyamide copolymer wherein the composition further comprises at least one cosmetically acceptable ingredient selected from the group consisting of film formers, volatile oils, and mixtures thereof.~~

137. (Currently Amended): The method of claim ~~[[135]]~~ 136, wherein the composition comprises at least one film former which ~~film-former~~ is a silicone resin.

138. (Currently Amended): The method of claim 137, wherein the film former is selected from the group consisting of polymethylsilsesquioxane, trimethylsiloxysilicate, and mixtures thereof ~~an MK or MQ resin.~~

139. (Currently Amended): The method of claim ~~[[138]]~~ 137, wherein the film former is trimethylsiloxysilicate ~~an MQ resin.~~

140. (Canceled).

141. (Currently Amended): The method of claim 135, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

142. (Currently Amended): The method of claim 139, wherein the composition comprises at least one volatile oil which ~~volatile oil~~ is a volatile hydrocarbon oil.

143. (Canceled).

144. (Currently Amended): The method of claim ~~[[136]]~~ 135, wherein the silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

145. (Canceled).

146: (New): The method of claim 74, wherein the method comprises applying to eyelashes a composition comprising at least one silicone-polyamide copolymer and at least one coloring agent in an amount sufficient to make-up the eyelashes.

147: (New): The method of claim 74, wherein the method comprises applying to hair a composition comprising at least one silicone-polyamide copolymer and at least one coloring agent in an amount sufficient to make-up the hair.

148: (New): The method of claim 74, wherein the method comprises applying to a nail a composition comprising at least one silicone-polyamide copolymer and at least one coloring agent in an amount sufficient to make-up the nail.
